HEARTCODE ACLS

HeartCode ACLS is an official, self-directed, comprehensive eLearning program from the American Heart Association (AHA). HeartCode ACLS Part 1 uses eSimulation technology to present realistic patient scenarios. Students are presented with a team dynamics lesson, 10 ACLS hospital-based case scenarios, and a written exam. While interacting with the program, students assess each patient, formulate a treatment plan based on ACLS guidelines, and provide treatment.

Successful completion of Part 1, the cognitive component, and Parts 2 and 3, skills practice and testing with an AHA ACLS Instructor meets the requirements for obtaining an AHA ACLS Provider course completion card.

COURSE MATERIALS:

Part 1: E-learning program available on line

The ACLS manual can be referenced as part of the E-learning program. Some students find it helpful to have a hardcopy manual.

Please note:

QMC offers the Heartcode course option ONLY to students who are recertifying. We recommend that students taking ACLS for the first time enroll in an Instructor-Led Training/classroom based course.

STEPS TO CERTIFICATION:

♥ Purchase e-learning program at: <http://www.onlineaha.org> *see web site for computer requirements.

♥ Complete Part 1 & print certificate.

♥ e-mail cpr@queens.org to make an appointment @ QMC for testing

♥ Complete the skills check test in the classroom

♥ Receive your certification card

THE SKILLS CHECK OFF:

The time to test varies by participant or group but usually takes 1.5-3 hrs.

CONTINUING EDUCATION CREDIT:

- ACCME/AMA (Physicians),
- ANCC (Nurses),
- ACPE (Pharmacists)
- CECBEMC (EMS Practitioners)

are provided by AHA at the completion of the E-learning.

WARNING*:

...avoid copycat web sites
Use only <http://www.onlineaha.org>

*We are an American Heart Association Training Center and will NOT honor certificates from any other program
